THE KING OF CLASSIC BOATS

Kral has been manufacturing Classic boats for over 20 years. These boats celebrate the golden era of boating, whilst incorporating the best technology and material to ensure long lasting quality. Sculpted in teak and mahogany, brilliantly UV varnished, and crowned with handcrafted stainless steel, colour and fittings of your choice ensure your boat will represent who you are. The Kral boats represents an individualistic yet Classic style which cannot be reproduced by any volume production manufacturing facility. This type of build quality and customisation can only be found amongst master craftsmen who pride themselves in delivering the best quality product. With a choice of engines, the Kral will also out perform most boats with excellent handling and a top speed complimenting the styling.
